

# SUSTAINABLE BIO-SLIPPERS

*Exclusively by,  
Quivera*

**A**s the world becomes increasingly environmentally conscious and rightly so, **Sustainability** has become a critical factor in product development.

We believe that the future lies in creating products that not only provide exceptional Comfort and Style but also leave a positive impact on our planet.

With this vision in mind, **Quivera** proudly presents our latest creation,

A Bathroom Slipper that aligns seamlessly with your values of Environmental Responsibility.

## Key features

*of Quivera Sustainable Biodegradable Slippers.*

**\* Earth Friendly Materials and Sustainability:**  
We have carefully selected biodegradable materials to craft these Slippers, significantly reducing their environmental footprint.

From the upper fabric in 100% cotton reprocessed yarn, to the cork sole and cotton padding, every component is chosen to ensure minimal impact on the environment without compromising on quality.

Unlike traditional slippers that take centuries to decompose in landfills, our Sustainable Slippers are designed to naturally break down when discarded.

We believe that integrating this innovative and Eco-Conscious slipper into your product lineup, will not only resonate with your guests but will also attract new environmentally conscious travellers who are seeking sustainable choices.

We at **Quivera** are dedicated to serving your needs with utmost care, attention and passion.  
Thank you.

### \* **Comfort & Style:**

Sustainability does not mean sacrificing comfort and styling. The team at **Quivera** has worked to offer the same level of Softness, Support and Style Statement that one could expect from premium footwear. Guests can enjoy the utmost comfort while knowing they are making a responsible choice for the environment.

### \* **Quilting stitches at Upper Sole and Vamp opening:**

This is an optional design feature which enhances the look of the cushioned slipper, providing a luxurious experience & a spa like sensation in the comfort, every time you slide your foot in.

### \* **Logo Branding:**

As part of our customizable options, **Quivera** offers Logo Branding on slippers.

This allows you to not only offer a Sustainable product, but also with your Brand reinforcing your commitment to Sustainability.
